Dear Parent/Carer,

Information and communication technology in the 21st Century is seen as an essential resource to support learning and teaching, as well as playing an important role in the everyday lives of children, young people and adults.

ICT/Computing includes the use of new technologies, the internet and electronic communications. We need to educate pupils about the benefits and risks of using these technologies.

In addition to this we need to provide safeguards and awareness for users to equip them with the tools to control their online experience with confidence and safety. We expect all children to be safe and responsible when using any of these technologies.

Pupils who do not comply with these rules must be aware that there will be sanctions issued which may result in the use of these technologies being removed.

Please discuss these eSafety rules with your child. If you have any concerns or would like more explanation please contact Mrs Tattersall (Headteacher) or Miss Bateman (ICT leader).

Key Stage 1 Pupil Acceptable Use Agreement / eSafety Rules.

- ✓ I will only use ICT in school for school purposes.
- ✓ Apart from our parents/carers, I will not tell other people my passwords for the school network or for other learning websites.
- ✓ I will only open/delete my own files.
- ✓ I will not deliberately look for, save or send anything that could offend or upset others.
- ✓ If I accidentally find anything inappropriate on the internet I will tell my teacher or parent immediately.
- ✓ I will not give out my personal details such as my name, phone number, home address or school over the internet.
- ✓ I will be responsible for my behaviour when using ICT in school or at home because I know that these rules are to keep me safe.
- ✓ I know that my use of ICT can be checked and that my parent or carer will be contacted if a member of school staff is concerned about my safety.
