

Keeping Your Family Safe Online

Tuesday 2nd May 2017

6.30-8.30pm

St Paul's CE Primary School welcomes as many parents as possible to an entertaining evening on a serious subject.

Managing your family's internet safety is now an essential life skill for adults and children.

- Find out how to set your parental controls on all devices
- Learn about the social media apps your children are into
- Understand how to spot fake news and manage online risks
- Leave with lots of useful tips and eResources
- Know what to do if your child is cyberbullied

Download this [free app](#) on smartphones or tablets to accompany the workshop.

"Lots of useful information on ways to protect children online. Brilliant to know how to set up online protection

which I will do when I get home!" Parent Dacorum 2016

a UKCCIS Associate and CEOP Ambassador
